

Charter Oak State College Examination Program

Introduction to Early Childhood Education

Description:

This examination covers information presented in a one semester, Introduction to Early Childhood Education undergraduate course. Areas to be examined are the historical perspectives of preschool education. Topics that will receive attention are theorists and the trends in early childhood education that they founded. You will be expected to understand concepts in modern development, material and equipment use and curriculum integration.

Developmentally appropriate practices and special needs will also be included. The examination contains 100, multiple-choice questions.

Content Outline:

Listed below are the topics covered by this examination. Percentages indicate the emphasis placed on the topics.

I. Overview of Introduction to Early Childhood Education (10%)

- A. Institutions and types of early childhood programs
 - 1. Early Head Start / Head Start
 - 2. Montessori
 - 3. Regio Emilia
 - 4. Laboratory schools
 - 5. High Scope

- A. Development of early childhood education
 - 1. Freidrich Froebel
 - 2. John Dewey
 - 3. Waldorf school
 - 4. Nursery schools
- B. Federal government involvement
 - 1. Politics
 - 2. Advocacy
 - 3. IDEA

III. Becoming an Early Childhood Professional (10%)

- A. Career choices
 - 1. Duties
 - 2. Teachers
 - 3. Directors
- B. Professional preparation
 - 1. Certification and other credentials
 - 2. Ethical considerations
- C. Professional development
 - 1. Formal education
 - 2. In-service programs
 - 3. Professional organizations
 - 4. Professional readings

IV. Foundations of Child Development: Nature vs. Nurture (20%)

- A. Developmental theories and theorists
 - 1. Nature vs. nurture
 - 2. E. Erikson
 - 3. B. F. Skinner
 - 4. J. Piaget
 - 5. L. Vygotsky
 - 6. Arnold Gesell
 - 7. Behaviorist theory
 - 8. Maturation theory
 - 9. Constructivist theory
 - 10. Gardner's Multiple Intelligences
 - 11. Learning Styles
- B. Factors that affect development
 - 1. Social-emotional
 - 2. Multicultural
 - 3. Language differences
- C. Exceptional children
- D. Developmental areas

1. Physical
 2. Cognitive
 3. Language
 4. Social and emotional
- E. Ages and stages
- F. Infants and toddlers
- G. Preschool
- H. Classroom behavior management strategies
1. Guidance techniques
 2. Discipline models
 3. Peer problem-solving
- I. Setting limits
- J. Positive Behavior Support

V. Age Specific Considerations in Planning and Organizing (15%)

- A. Infants and Toddlers
1. Respectful, Responsive, Relationship Based Care
 2. Environment
 3. Scheduling and Grouping
 4. Parent Involvement
 5. Health and Safety
- B. Preschoolers
1. Activities
 2. Environment
 3. Scheduling
 4. Grouping
 5. Health and Safety
- C. Kindergarten
1. Learning Opportunities
 2. Environment
 3. Lesson Plans
 4. Peer tutoring and mentoring
- D. School Aged

VI. Working with Families and the Community (10%)

- A. Parents
1. Involvement in the classroom
 2. Formal groups
 - a. Parent Advisory Council
 - b. Parent Policy Council
 3. Education
- B. Community resources
1. Paraprofessionals
 2. Volunteers
- C. Communication

1. Informal
2. Formal
3. Newsletter

VII. Program Evaluation (5%)

- A. Gathering information
 1. Observations
 2. Tests
- B. Screening exceptional children
- C. Reporting and communicating the results

VIII. Developmentally Appropriate Practices (5%)

- A. Primary Caregiving for Infants and Toddlers
 1. Infant-Toddler mental health
 2. Self regulation
- B. Individualized Appropriate Practice
- C. Best Practice
- D. DAP
- E. Developmentally Culturally Appropriate Practice

IX. Play in Early Childhood Education (10%)

- A. Play develops across all developmental domains
- B. Understanding social-emotional development
- C. Gender issues
- D. Stages of play
- E. Developing and supporting play activities

X. Early Childhood Curriculum Development (5%)

- A. Emergent Curriculum
- B. Constructivist Curriculum
- C. The development of language and literacy
 1. Emergent literacy
 2. Literature and storytelling
 3. Language Development
 4. Dual Language Learners
 5. Reading and writing readiness
- D. Cognitive development
- E. Prior Experiences
- F. Technology: computers in the classroom
- G. Zone of Proximal Development
- H. Developmental Interactionist Approach
- I. Project Approach
- J. Intentional Teaching
- K. Responsive Classroom

L. Program for Infant Toddler Caregivers

Learning Outcomes:

Listed below are the learning outcomes tested by this examination and the percentage of questions addressing each outcome.

Knowledge (remembering previously learned material): 33%

Comprehension (grasping the meaning of material): 48%

Application, Creation: 18-19%

Analyze, Evaluation: 2%

Sample Questions:

1. The largest and most influential early childhood professional organization is:
 - a. The National Council of Early Childhood Teachers.
 - b. The National Association of Early Child Development and Care.
 - c. The International Association of Early Childhood Educators.
 - d. The National Association for the Education of Young Children.
